February 26, 2018

In our efforts to keep our parents up to date with their children's safety at school, we wanted to let our parent/guardians know that a threatening note was found today in a bathroom at William Penn Senior High School.

It is our protocol for the York City School District Police Department to investigate all threats with York City Police. Thanks to having our district officers and cameras inside each of our schools, we are investigating who was in or around the bathroom at the time the note was found. The investigation continues, but we do not believe danger exists, as there was no specific threat made in the note.

We also know that by nature of our use of metal detectors and screenings at William Penn, that nothing had entered the premises.

We encourage our students, parents and guardians to bring any questions or concerns to our district officers or school administrators and we continue working to make York City Schools safe for our children.

Sincerely,

Brandon T. Carter  
Principal
